A Unique Backdrop

Northwest Florida's Rosemary Beach | By Cara Trump

A wedding at Florida's own Rosemary Beach provides an extraordinary location and experience. Rosemary Beach's one-of-a-kind design was created with top resort destinations in mind, with architecture reminiscent of St. Augustine, the West Indies, New Orleans, and Charleston. The sugar-white sands and natural dunes of Rosemary Beach provide a stunning backdrop for the 'I dos.'

Rosemary Beach provides four venue options for the scenic stroll down the aisle. The Town Hall is Rosemary Beach's largest indoor/outdoor event venue, seating up to 320 guests with 3,804 square feet of total meeting space including the courtyard. If additional space is needed, four pool areas are available.

The Eastern and Western Beachside Greens are picturesque backdrops for the quintessential ceremony in the sun, seating 350 to 500 guests with 6,000 tented square feet and 10,000 un-tented square feet. These venues also come with the option to rent the adjacent beaches on the Gulf of Mexico.

The snow white sanded beaches of Rosemary provide a final option for ceremony locations. The crystal clear turquoise-colored waters and sparkling white sand of Rosemary's beaches comprise an exquisitely serene location for an unforgettable sunset ceremony by the sea.

Guests will find a variety of accommodations including cottages, flats, lofts and houses to rent. Rentals include all the necessities plus access to all four pools, the racquet club and the fitness center.

The overwhelming task of planning a wedding is not a problem at Rosemary Beach.
