

ROSEMARY BEACH®

ESTABLISHED 1995

Dear Guests of Rosemary Beach Cottage Rental Company:

With the most recent news of the oil drilling incident that has occurred off the coast of Louisiana, many are concerned about the impact this may or may not have on their upcoming vacation plans at Rosemary Beach. We would like to assure you that we are in constant contact with the Florida Department of Environmental Protection, Walton County Health Department and Walton County Emergency Management to stay updated throughout the upcoming days regarding this matter. Each of these organizations is currently stating that there is no imminent threat to Rosemary beach and the Beaches of South Walton at this time.

If we do receive official notice that there will be a negative impact to our shoreline resulting in the inability to use the beaches or water, **we will issue you a full refund**, if that impact occurs during the time period you are scheduled to vacation with us.

For those of you who are anticipating making your vacation rental plans and have not yet done so, you can book with confidence knowing that there will be **no risk involved** due to this incident, so please feel free to make your reservation as planned.

We at the Rosemary Beach Cottage Rental Company value you as a guest and we want you to feel comfortable that your vacation investment is protected. If you have any further questions, please contact us by calling (877) 564-3041.
